

## First Aid Meet Spurs Interest Of Y-12 Trainees

Cash Awards, Trophies  
Presented To Winning  
Teams In Carbide Events

The fifth annual Carbide First Aid Contest, scheduled for Blankenship Field, Saturday night, September 15, is sponsored by the Company to stimulate interest on the part of all employees in the value of first aid training in everyday life in the plants and in the homes. The training obtained in preparation for the event, and in the contest itself, it is pointed out, might result in the first aid trainee being able to save the life of some fellow employee in case of accident.

### Program Launched In 1944

First aid training has been an established practice in plants of Carbide and Carbon Chemicals Company for many years and has become an integral part of the training programs at the Carbide units in Oak Ridge. The first aid training program was first launched in Carbide Oak Ridge installations in 1944 and the annual contests are staged under auspices of the Company in cooperation with the United States Bureau of Mines.

Groundwork for organization of a number of Y-12 teams to participate in the 1951 contest now is underway and it is expected that several more than the six teams that represented Y-12 in the 1950 contest will be entered in the 1951 event. The training of the teams will be coordinated by the Training Department.

### Cash Awards, Trophies Given

In addition to receiving the valuable first aid training, members of the winning teams in the contest receive cash awards and trophies. The team with the highest score in the meet is awarded a championship trophy, which must be won for two successive years to become permanently possessed by the plant represented by the winning team. The winning team also receives a cash award of \$70.

The best team in each of the Carbide units will receive a cash prize of \$105, which means the best team in the meet receives a total of \$175. The first place teams in each facility also receive a trophy and the second place team in each unit gets \$52.50.

The 1950 contest was won by a team from K-25 with a Y-12 Fire Department team close behind. In 1949 a Y-12 Fire Department team finished first and in 1948 a women's team from Y-12 scored the largest number of points.

## SAFETY SCOREBOARD

Your Plant Has  
Operated

Without A Lost Time  
Accident

Through July 22

CO-DIRECTORS OF THE ANNUAL CARBIDE FIRST AID Contest, above, are J. E. Campbell, K-25; Lloyd N. Williams, Y-12; and B. G. Catron, of Oak Ridge National Laboratory.

## More Men Urgently Needed For Rescue Teams To Operate Under Disaster Plan

"They said" Pearl Harbor couldn't happen.

"They say" Oak Ridge will never be the scene of a disaster—also that the planning of the Oak Ridge Disaster Plan for various rescue and other functions in case of an emergency are just so much waste of time—in other words "let George do it."

Among the phases in the Oak Ridge Disaster Plan is the organization of rescue teams that would operate throughout the city in case of an emergency that might raze or damage a large number of buildings. The objective is to organize 19 teams of 10 men each to perform such work—such as electricians, carpenters and operators of heavy equipment like bulldozers and cranes.

So far only 35 Ridgers have volunteered for this work, a majority of them being Y-12ers. However, C. B. Hopkins, of the Y-12 Maintenance Division and leader of the rescue services, has urged more men to sign up as team members. According to C. E. Engle, of the Oak Ridge Police Department assigned to direct the rescue services, a total of 190 men are needed to properly carry out the work if an emergency arises.

This work can be of great value if the unforeseen strikes—and could result in the saving of many lives if any number of persons are trapped in wrecked buildings.

Volunteers are asked to communicate with Hopkins, telephone 7469, or Engle, Oak Ridge telephone 5-3561, Extension 58.

## 'Burn Baskets' Intended Only For Classified Waste

The red "burn baskets" throughout the plant are intended to be used only for bona fide classified waste as provided in Plant Procedure 55.16. Cooperation in carrying out provisions of this procedure is urged of all plant personnel. Recently it has been noted that there is an increased tendency to use the "burn baskets" for disposal of various wastes, such as ash tray debris, food scraps and other things.

### RESEARCH WIDE IN UCC

Union Carbide and Carbon Corporation has a combined research effort that ranks it among the biggest research groups in the United States, if not the entire world. The 23 separate experimental product development and machine development laboratories active in various UCC units, exclusive of those at Oak Ridge, occupy more than 700,000 square feet of space, have libraries totaling more than 25,000 volumes and employ about 2,300 persons. Of these 1,444 are non-technical and 862 technical, including 133 Ph.Ds.

## Y-12ers To Get Cards To Apply For New Passes

Applications Will Be  
Distributed With Pay  
Checks Thursday, Friday

Cards will be issued to all Y-12ers this week on which they may apply for the new type of photographic resident passes for members of their families to gain admittance to the Atomic Energy Commission controlled area for the purpose of driving employees to and from work. The cards will be issued with pay checks delivered to monthly paid employees on Thursday, July 26, and to weekly paid employees on Friday, July 27.

On the cards the employee will be asked to designate persons to whom the new photographic passes will be issued. The full name, last, first and middle, and the relationship of the person for whom the pass is to be issued, with the full address, is to be printed on the card. After the information is obtained, the employee is urged to return the card as soon as possible to the Clearance and Pass Office, North Portal. The card must bear the signature and badge number of the employee.

Issuance of the new photographic type passes will be limited to persons having valid state motor vehicle driving permits. Children up to 16 years of age when accompanied by their parents having proper credentials will not be required to have a pass for entrance into the controlled area. Minors of this age are not eligible for state driving permits.

After the cards are returned to  
Continued on Page 4

## Nuclear Engineering Topic Of Third Annual Meeting

"The Role of Engineering in Nuclear Energy Development" will be the topic of the third annual Oak Ridge summer symposium sponsored by the Oak Ridge Institute of Nuclear Studies and the Oak Ridge National Laboratory. The meetings will be held in the Center Theater in Oak Ridge from August 27 through September 1.

Emphasis will be placed on problems peculiar to nuclear engineering and the relationship of this phase of engineering with other branches of the profession.

## General Ridgeway's Visit To Y-12 Plant In 1946 Is Recalled

A name very much in the news these days is that of Gen. Matthew Ridgeway, United Nations commander in the Far East who replaced Gen. Douglas MacArthur back in the spring of the year. His firm action in handling the Korean campaign has won him the admiration of the nation and has made him a world figure.

### General Inspected Plants

How many Y-12ers remember when he paid the plant a visit—just about five years ago? At that time Y-12 was being operated by the Tennessee Eastman Corporation under the Manhattan District. General Ridgeway was completing an 18-day tour of Manhattan District projects when he inspected the Y-12 and other atomic energy plants in Oak Ridge.

At the time of his visit to Y-12 on October 11, 1946, General Ridgeway was United States Army representative on the United Nations Military Affairs Committee. Shortly after his trip to Y-12 the general attended sessions of the committee at Lake Success, N. Y.

### Ridgeway's Record Cited

At that time The Bulletin cited some of his feats during World War II when he led the 81st Airborne Division in a behind-

Continued on Page 4

THIS PICTURE SHOULD BRING BACK MEMORIES TO OLD time Y-12ers of the vintage of 1946. At right is Dr. Fred R. Conklin, Y-12 Works Manager under the Tennessee Eastman Corporation regime. At left is Col. Gerald J. Forney, Y-12 Unit Chief at that time—and the officer in the center is the then Lieut. Gen. Matthew Ridgeway.

A SAMPLE OF THE NEW photographic resident pass for members of employees' families is shown at top above. The present pass is pictured at the bottom. The new passes are approximately the same size and are printed in blue in contrast to the orange and red of the present passes.

## Another Swim Party For Y-12 Set August 9

The Recreation Department has announced that another Y-12 swimming party will be held at the Oak Ridge Pool Thursday, August 9, from 8 p. m. to 11 p. m. The interest shown in the pool party held Thursday, July 12, has given new enthusiasm to the Recreation Department in its planning of the coming event.

The theme of the party will be departmental and divisional competition with each group asked to submit as many entrants as they desire in the various contests slated to enliven the proceedings.

### Various Contests Set

Judges will select the most beautiful girl, the best developed male, the best diver, the best in freestyle swimming and the most comical diver. The most comical bathing attire will also be judged. Appropriate prizes will be given to the winners of the contests.

However, the party will not be all contests. Of course, the main idea is to give as many Y-12ers as possible a chance to relax, beat the heat, meet each other and generally have a swell and relaxed evening of fun.

### All Urged To Attend

There are no limitations on the gathering. All Y-12ers, young and old, are urged to attend and to bring their families and friends. Admission will be charged at the pool for the purpose of defraying expenses, as it will be chartered for exclusive Y-12 use. Cost will be 10 cents for children 6 to 16, and 25 cents for adults. In the event of inclement weather the party will be postponed until the following week.

So get in the swim—won't you—and come on out and get your feet wet.

### COMPLETION BY 1955 SEEN

The Augusta, Ga., Herald estimates that the Savannah River Plant of the Atomic Energy Commission should be completed by 1955. The paper says 35,000 persons will be employed by the first of 1953.

## Plant Absenteeism In Y-12 Decreases

Y-12 plant-wide absenteeism dropped .2 per cent for the week ending July 15 from the mark of the previous two weeks as there was a general turnover of departments in the top brackets. In the Major League the three top spots were completely changed and in the Minor League only three departments repeated perfect attendance records posted the previous week.

### Electrical Maintenance First

Electrical Maintenance advanced from second to first place in the Major League and had only .3 per cent of its personnel absent for the latest reporting period. Research Services jumped from fourth to second place in the standings with its latest absentee record being just behind the leaders with .4 per cent. Chemical came from eighth place to third and had an absentee mark of 1.5 per cent.

The three repeaters in the Minor League with all present records were team Plant, Superintendents and Fire Department. Three other departments joined this group to make six tied for first place. They were Cafeteria and Canteens, Planning and Estimating and Property Sales. They came up from fifth, sixth and eighth places held during the week ending July 8.

### Manufacturing Office Advances

Manufacturing Office placed second in the Minor League with an absentee mark of .6 per cent, advancing from fourth place and Medical remained in third place for the second week in a row with an absentee record of .8 per cent.

The plant-wide absentee record for the week ending July 15, by departments, follows:

MAJOR LEAGUE				
Dept.	More Than 50 Employees	Percentage Absent	7-15-51	7-8-51
2077	0.3	1	2	
2018	0.4	2	4	
2619	1.5	3	8	
2282	1.6	4	13	
2283	1.8	5	1	
2617	2.0	6	7	
2003	2.1	7	10	
2060	2.42	8	6	
2015	2.44	9	9	
2091	2.78	10	11	
2142	2.79	11	3	
2014	2.9	12	5	
2618	4.4	13	12	
2001	8.2	14	14	

Group absentee percentage was 2.6 per cent, .2 per cent lower than the preceding week.

MINOR LEAGUE				
Dept.	15-49 Employees	Percentage Absent	7-15-51	7-8-51
2743	0.0	1	1	
2200	0.0	1	1	
2093	0.0	1	1	
2107	0.0	1	5	
2002	0.0	1	6	
2145	0.0	1	8	
2133	0.6	2	4	
2090	0.8	3	3	
2046	1.0	4	11	
2108	1.8	5	7	
2109	2.1	6	1	
2739	2.3	7	1	
2096	2.6	8	2	
2144	3.4	9	1	
2143	4.0	10	1	
2008	4.4	11	9	
2616	6.0	12	13	
2005	6.1	13	10	
2064	12.2	14	12	

Group absentee percentage was 2.7 per cent, remaining the same as the preceding week.

The plant average for the week ending July 15 was 2.6 per cent, .2 per cent lower than the preceding week.

Y-12 Photo By Vince Moore

Y-12 FRIENDS OF MISS DELL WALKER, OF THE PRODUCT CHEMICAL DEPARTMENT, who is to be married early next month to P. C. Goins, of the Guard Department, gave her a miscellaneous shower July 15. The event was given at the home of Dora Bagwell, 108 Hamilton Circle, and other hostesses were Corinne Hill, Peggy Sigmon, Jane Hensley and Sallie Wilder. In the picture of the guests above, seated from left are Martha Beals, Maude Whaley, Frances Shamblin, Nazy Carson, Martha Rhea, Zola Fonner, Peggy Sigmon, Dell Walker and Dennie Williams. Standing are Jeanette Arnold, Mattye Mae, Margaret Carter, Rella Bates, Florence Archer, Corinne Hill, Dora Bagwell, Sylvia Hatmaker and Ruth Hounshell.

The man we would like most to catch up a dark alley and vigorously attack is the creature who created the saying "in the cool of the evening." There just ain't none.

Emmet L. Moore, of the Fire Department, came back from a two-week vacation telling tall tales about his frog hunting jaunt. Wonder what size frogs he really caught. . . . L. H. Perry and his wife were vacationing down in Florida last week. . . . Capt. E. F. Greer has returned from a week's vacation.

Willie Mae Braden, of the Cafeteria, is off on a two-week vacation.

Plant Records welcomes two newcomers to the roster: Dolores Terry and Kathryn Ballentine. . . . The department extends sympathy to Martha Parks, whose small cousin, Kay Fillauer, was drowned on July 15, in Cleveland, Tenn. Her aunt, Mrs. Willard J. Parks, died the following day from the shock of her granddaughter's death. . . . Eunice Webster spent a pleasant Sunday at Cumberland Falls State Park, Ky., recently. . . . Get well wishes are extended to Helen Brown, on the ailing list.

Jodie Brown, of the Medical Department, is vacationing at her home in Viola, Tenn., this week.

June Messer, of the Superintendents Department, plans to divide her two-week vacation between home, in Knoxville, and Daytona Beach, Fla.

A. D. Tucker, M. L. Sullivan, F. F. Lay, W. R. Proffitt and F. L. Roberts, of the Guard Department, are all going their separate ways for two weeks of vacation.

Plant Engineering wishes a speedy recovery for W. H. Rice, who is a patient at the Oak Ridge Hospital . . . and to Andy Huddleston who is still on the sick list. . . . Carl Becker and W. E. Gary were among the vacationers last week. . . . J. C. Little and his family were visiting in Minnesota while on vacation. . . . O. E. Gilcrease and his wife are vacationing in Gatlinburg. . . . Ted Jones is vacationing in Sweetwater, Tenn., putting the finishing touches on his new home there. . . . J. P. Smith says he really had a rough time of it when camping out with the National Guard Reserve at Ft. McClellan, Ala., recently.

M. P. Welch and E. B. Kimbro, of Electrical Maintenance, are

really proud of those big fish they caught at Panama City, Fla., on a recent vacation trip. (Picture coming up in The Bulletin next week.) . . . Get well wishes are extended to M. C. Gore, who is in the Oak Ridge Hospital. . . . Arlie Franklin, Harold Hammer and L. F. Kennedy are on a two week vacation . . . and W. G. Biggers returns from a week of vacation. MORE TO COME—

Velma Rogers, of Isotope Research and Production, vacationed at Myrtle Beach, S. C., and Virginia Beach, last week. . . . Congratulations to Bill Leyshon and his wife Emily, a former Y-12er, who are the proud parents of a baby girl, Nancy Jean, born July 13, at the Oak Ridge Hospital. . . . The best of luck to Alma Shaw, who resigned to accept a position with the Department of Agriculture, in Washington, D. C.; and to Boody Garrett, who resigned to take up the full-time job of home making.

C. M. Moses, of Product Chemical, and family visited his mother over the week end in Athens, Tenn. . . . Eleanor Duke visited her parents in Blountville, Ala., recently. . . . H. C. Nichols is spending a two-week vacation in Alabama. . . . Charles Powell and his family with Bessie Phillips and her family spent last Sunday visiting "Fields of the Woods" in North Carolina. . . . J. L. Howard and his family are visiting relatives in Texas during a two-week vacation.

Product Processing extends congratulations to Mr. and Mrs. R. G. Orrison at the birth of a son on July 13, at the Oak Ridge Hospital.

Planning and Estimating wishes Jessie Guinn, who is in a Knoxville hospital, a speedy recovery.

Eula Hayes, of the Assay Laboratory, is vacationing at home in Morristown, this week. . . . Mona Rollins flew to West Virginia, for a few days and is spending the rest of a two-week vacation in North Carolina.

The Personnel Department extends sympathy to Desma Hutcherson, whose step-father passed away July 16, at Soddy, Tenn. . . . We were also sorry to hear that Fred Sexton's vacation plans were spoiled because of an infected ear. He is confined to his home in Oak Ridge.

Chloe Chitwood and Thelma Cole, of the Analytical Laboratory,

## Iowa Scientist To Speak At Physics Seminar Meet

Prof. J. M. Jauch, of the University of Iowa and connected with the Oak Ridge National Laboratory physics division during the summer, will address the Oak Ridge Physics Seminar Friday afternoon, July 27. The meeting will be held at 4 p. m. in the East Lounge of the Ridge Recreation Hall.

The topic will be "Light Nuclei In Cosmic Rays." All Y-12ers interested in the subject are cordially invited to attend the seminar session.

have returned from a week of vacation spent in St. Petersburg, Fla. . . . Helen Saylor had her twin sister visiting last week from Baltimore. She entertained her with trips to Big Ridge Park, Kingsport and other points of interest. . . . Louise Perkins and her room mate divided their vacation time last week between Myrtle Beach, S. C., and Daytona Beach. . . . The department extends get-well wishes to June Davis, who is still ill. . . . A hearty welcome is extended to Bill Swartz, Jane Powers and Betty Esco, latest additions to the roster. . . . It is rumored in the department that Lenora Brushwood is wearing a big diamond engagement ring. How about it, Lenora? . . . Elizabeth Patrick returned last week from Daytona Beach. . . . The department welcomes Wallace Carden and Jack Day. . . . Stanley H. Cole is the proud possessor of a new-used All State engine. Once again his '32 Essex can be seen in the North Portal parking lot.

The Wage Standards Office welcomes Maryellen Flynn to the roster.

R. F. Farmer, of the Steam Plant, is vacationing at his old home in Murphy, N. C. . . . Henry Jones is taking advantage of his two-week vacation to move into his new home in Oliver Springs. . . . H. R. Gilliam has returned from two weeks of vacation spent visiting friends and relatives in Peoria, Ill.

Maintenance Shops extends sympathy to L. C. Bell at the death of his father last week. . . . E. R. Watkins is spending a two-week vacation at Daytona Beach.

The two-week vacationers from Buildings and Grounds are A. F. Ogden, C. H. Crockett, J. L. Jones, H. Y. Voiles, R. R. Patterson and J. C. Gallaher.

G. H. Booth, of Stores, is vacationing.

Continued on Page 4

## ROBINSON - CHILDRESS

Miss Bobbie Jean Childress, of the Y-12 Medical Department, and J. Alvin Robinson, of Knoxville, will be wed at 8 o'clock next Tuesday night, July 31. The ceremony will be performed at the Beaumont Ave. Baptist Church by the Rev. Gilbert Van Hoozien, pastor of the church.

The bride-to-be is the daughter of Mr. and Mrs. U. T. Childress, of Dry Gap Pike, Knoxville. Robinson is the son of Mr. and Mrs. W. E. Robinson, of Alcoa Highway, Knox County.

The bride will be given in marriage by her father. She will wear a wedding gown of white satin with basque bodice and off-shoulder bertha of Chantilly lace. The long sleeves will have a wide lace ruffle at the wrist and the full gathered skirt will have a court train. The finger-tip veil of illusion will be laced around the edge and held in place with a tiara of orange blossoms. The bridal bouquet will be a white roses and an orchid.

Miss Betty Lou Vaughn will be maid of honor and other attendants will be Misses Louise Argo and Edith Duckworth. They will wear shrimp nylon net floor-length dresses.

Walter Robinson, father of the groom, will be best man and Herman Lett, Harry Moore, Cecil Wells and David Childress will be ushers.

During the ceremony nuptial music will be provided by vocalist Joseph Perky, who will sing "I Love You Truly," "Indian Love Call," "Because" and "The Lord's Prayer." He will be accompanied on the organ by Clifford Johnson.

Following the ceremony a reception will be held at the home of the bride's parents.

Miss Childress is a graduate of Central High School and Robinson from Knoxville High school.

The couple plans to live in Roanoke, Va.

The following Y-12ers were patients in the Oak Ridge Hospital last week: Marion C. Gore, Electrical Maintenance; Eugene M. Williams, Chemical; James J. Parrott and Harold E. Cornell, Normal Uranium Processing; Jeanette M. Crews, Manufacturing Office; Walter C. Smith and Robert B. Smithson, Product Chemical; James K. Hawkins, Biology; William H. Rice, Plant Engineering.

Six Y-12 employees became parents of babies born recently at the Oak Ridge Hospital. They were Robert G. Orrison, Superintendents, boy, July 13; William E. Leyshon, Isotope Research and Production, girl, July 13; Victor Defenderer, Chemical, boy, July 14; Theodore W. Robinson, Chemical, girl, July 14; Floyd L. Roberts, Guard Department, boy, July 18; William M. Simpson, Jr., Product Chemical, girl, July 19.

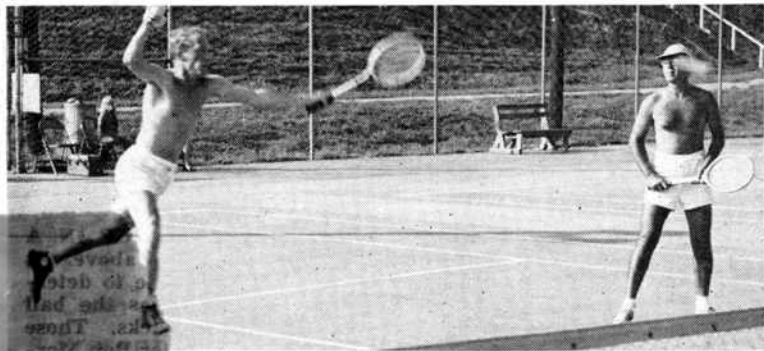

## HIGH VELOCITY ATTAINED

The Associated Press quotes a U. S. Naval ordnance expert as reporting that metallic pellets have been fired at velocities up to 3.7 miles per second. The speed was obtained by use of "modified shape charges," described as similar in principle to charges used "in the gun of an atomic bomb."

# ROBINS, K-12 OPEN CITY TITLE SERIES FRIDAY

## Y-12 SPORTS NEWS

**CITY TENNIS DOUBLES CHAMPIONS FROM Y-12, NATE Smith, left, and Fred Hurst are shown in action in their tournament finals triumph over Silverman and Ranshoff, of Oak Ridge National Laboratory. Smith also won the city singles championship.**

## Lowry Wins Y-12 Handicap Golf Tourney With Four Good Rounds To Post 130 Score

With a handicap score of 130, 14 under par, F. C. Lowry put four good rounds together to become the winner of the Y-12 handicap golf tournament. Having scratch scores of 47, 45, 43 and 47 for a 182 total, Lowry subtracted his 13 handicap to get his winning score. Following Lowry in the race was C. E. Johnson who shot a 42, 47, 48, 43 to gather a 180 scratch and a 132 handicap score to finish two strokes behind the winner. Arnold Tiller finished in third place with a 140 handicap score. He shot a 37, 39, 44 and 40 for a 160 scratch score. Ward Foster took fourth position with a 144 handicap total, gathered by shooting a 184 scratch.

Trophies will be given to the winner and runner up.

## Match Play Golf Tournament Is Next On Slate For Y-12

After just completing the plant match play with handicap tournament, golfers of Y-12 have been alerted for the annual match play tournament which will be played on three successive Sundays, August 12, 19 and 26. Qualifying for this event will be held August 1 through August 9.

Tournament play has been set for Sundays to allow the many players who work on Saturdays an opportunity to participate.

Qualifying rounds will be over 18 holes and more complete details of the event will be announced in The Bulletin next week.

## Rejuvenated Slow Pitchers Play Hospital; Beat ORINS

The Y-12 team of the City Recreation Slow Pitch League continued to show new life under Manager Roy Roberts, by defeating ORINS, 5 to 3, Wednesday, July 18. The Y-12ers, displaying their new found strength, should prove a real threat in the second half race which begins tonight, Wednesday, July 25. The game will begin at 8 p. m. with the foe being the hospital team, and will be one of four.

George McPherson lead the hitting for the night by collecting three hits for three times at bat. W. C. Anderson did the pitching for the winners with Elmore Koons catching.

Line score follows:

Team	R	H	E
Y-12	2	2	1
ORINS	0	0	0

Y-12: Anderson and E. Koons. ORINS: Vaughn and Firminhac.

Sign by a cupid in a midwest hotel: "If an atom bomb strikes, jump in here. No one has ever hit it yet."

## Orphans, 9212 Tied For First In Plant Loop

**SCHEDULE FOR COMING WEEK**  
 Wednesday, July 25—6 p.m., All Stars vs Sparks. 7:30 p.m., Duds vs 49ers. 9 p.m., Isotopes vs Bldg. 9211.  
 Thursday, July 26—6 p.m., Orphans vs Rusty 9. 7:30 p.m., Bldg. 9212 vs Grocers.  
 Monday, July 30—6 p.m., Orphans vs Grocers. 7:30 p.m., All Stars vs Bldg. 9212. 9 p.m., Duds vs Sparks.  
 Tuesday, July 31—6 p.m., Rusty 9 vs Isotopes. 7:30 p.m., 49ers vs Bldg. 9211.  
 Wednesday, August 1—6 p.m., Bldg. 9211 vs Bldg. 9212. 7:30 p.m., Rusty 9 vs Duds. 9 p.m., 49ers vs Isotopes.

The Orphans had a brief stay at the top of the standings in the Y-12 Plant Softball League last week when they licked the Bldg. 9212 nine, but the homeless ones found prosperity too much and dropped a game to the Isotopes in their next outing and at the end of play last Thursday the Orphans and Bldg. 9212 were deadlocked for the lead. It marked the first time in the second half of the season that every team in the league had at least one defeat registered against it.

Many of the games last week were closely contested, making the play more interesting for the players and fans. The Duds pulled a 11 to 10 decision over the All Stars and the Isotopes nosed out the Orphans by 10 to 9. The Grocers rose up to lick the Duds by 8 to 7 in an extra-inning game and the Bldg. 9211 nine gained a tie with the Rusty 9 in a wild 15 to 14 encounter.

Line scores of games played last week and league standing as of last Thursday night follows:

Team	R	H	E
All Stars	002	151	10
Duds	044	010	2

All Stars: Cottrell, Higgins and Marrow. Duds: Low and Anderson.

9212	000	031	2
Orphans	114	120	x

9212: Barker and Moses. Orphans: Hawkins, Koons and Noe.

9211	200	140	7
Sparks	550	03x	13

9211: Burnett and Haggard. Sparks: Maness and Lanier.

Orphans	330	021	9
Isotopes	003	106	10

Orphans: Koons and Noe. Isotopes: Love and Frazier.

49ers	021	60	9
Rusty 9	350	15	14

49ers: Bishop and Jones. Rusty 9: McAllister and Morris.

Duds	400	002	10
Grocers	014	200	01

Duds: Fowler, Law and Anderson. Grocers: Doss, Kinyon and Orazio.

9211	660	03	15
Rusty 9	313	34	14

9211: Baer and Garrison. Rusty 9: Boxley, McAllister and Morris.

Sparks	440	500	13
Isotopes	110	110	4

Sparks: Maness and Lanier. Isotopes: Love and Frazier.

All Stars	803	13	15
Orphans	622	8x	18

All Stars: Higgins, Cottrell and Marrow. Orphans: Koons and Stephens, Noe.

## Cardinals Have Four Home Games Slated

The Y-12 Cardinals will be seeking revenge tonight when they tackle the Chapman Highway team at Gamble Valley. Game time is 8 o'clock. The Y-12ers will get back into action again at the same hour and place Thursday night when Rockford will provide the opposition. Then next Tuesday, July 31, Chapman is scheduled to make a return visit to Oak Ridge for another tilt, a previously postponed battle.

### Cards Split Even

The Cardinals played a couple of fine games in their last two starts, dividing a pair of contests. They dropped a close one to Chapman by 2 to 1 and then whipped the K-25 Hubs by 3 to 1.

Paddy Peckman held the hard hitting Chapman team to six bingles but his mates could get but four—and that was that. Bill Wright drove in the only Y-12 run in the third when his blast counted Weigelt, who had walked. This lead lasted until the fifth when Chapman tied it up and the victors finally went out in front in the next round.

### Extra Base Blows Count

The Cards again could only get four hits in their triumph over K-25 but two of them were for extra bases, each driving in a run. Fred Guttry tripled and Lefty Carter doubled, each with one aboard, to account for the margin. George Wylie and Doc Simmons also hit safely, the former driving in the other Y-12 tally.

Team	R	H	E
Y-12	001	000	0

## Gophers Win Three Points; Top Pin League In Scoring

The Gophers team from Y-12 in the Summer Bowling League won three points in last week's alley action and jumped up to a tie with the Y-12 All Stars, who dropped a like number of points. In scoring their promotion in the standings the Gophers rolled a 1,024 single game and 2,904 series, with handicap.

The Activators, another Y-12 team in the league, dropped to a tie for second place with the K-25 All Stars, 6-2975.

## Birds Get Bye In Tournament On August 7

The five Carbide softball teams in Oak Ridge will stage a tournament of their own to determine the city championship and the Atomic City representatives in the state tournament to be held in Chattanooga August 17, 18 and 19. The two women's teams, from Y-12 and K-25, and the men's teams of Y-12, K-25 and the Oak Ridge National Laboratory will compete in the local tournament. All games will be staged at Midtown Park starting at 8 o'clock.

The women will pry the lid off the competition when the Y-12 Robins and the K-25 Bluebells will open a best two out of three series this Friday night, July 27. The second contest will be waged Monday night, July 30, and the third, if necessary, will be played Friday night, August 3.

The three men's teams will play a double elimination tournament to settle the argument as to which team will represent Oak Ridge in the Chattanooga tourney. The Y-12 Red Birds drew a bye in this event and the K-25 Blues and the ORNL Roosters will launch hostilities on Tuesday night, August 7. The Red Birds will meet the winner of this encounter on Thursday night, August 9. The next action will be on Saturday night, August 11, when the losers of the first two games will tangle. Then the winner of the second game between the Red Birds and the winner of the K-25 and ORNL scrap will meet the winner of the Saturday game on Monday night, August 13. If another game is necessary to determine the tournament, it will be played on Wednesday night, August 15.

## Varsity Golfers Play Alcoa Sunday; City Match August 5

The Y-12 varsity golf team has engagements set for the next two Sundays, July 29 and August 5. On the first date they are scheduled to meet the Alcoa team in the Smoky Mountain League on the Oak Ridge course and on August 5 will compete in an Oak Ridge inter-company match. The Y-12ers are tops in the Smoky Mountain League, being undefeated.

The greatest safety device known to man is the human brain.

## Y-12 Softball Teams Post Good Records; Robins' Bats Ring

The Y-12 Robins broke out into a rash of hits and runs against the Corryton lassies Friday and Saturday nights to rack up victories by 21 to 15 and 11 to 6. Meanwhile, the Red Birds took a pair last week, beating Maryville 8 to 3 and Vine Avenue 1 to 0.

Earlier the Robins had dropped a tough one to Keck-Davis by 14 to 4.

In beating Vine Avenue Bobby Loy twirled a two-hitter and got errorless support. Ed Sise hurled the win over Maryville.

Line scores follow:

Team	R	H	E
Y-12	000	010	0
Vine Ave.	000	000	0

Loy and Pratt. Wilburn and Brummett.

Maryville	3	6	3
Y-12	8	10	3

## Turf Riders Climb To Golf Loop Lead

The Turf Riders of the Y-12 Plant Golf League moved to the top last week by defeating the Green Rays, 12½ to 23½. However, the race is still close with the Four Woods in second place after being tied by the Divots, 18 and 18.

In the other matches of the week the Deacons downed the Four Hundreds 17½ to 18½; the Rippers defeated the Rough Riders, 15½ to 20½; and in the final match the Hooks and the Birdies tied, 18 to 18.

## TOY CAN BE USEFUL

A suggestion has been made to housewives to use their children's toy wagons to carry pails, soap and cloths needed for wall washing or other housecleaning.

## Shugart Triumphs In Club Tourney

Y-12ers led all the way in the Oak Ridge Golf and Country Club annual club tournament. In the final 36-hole championship match John Shugart defeated Les Cater two up, to become the new club champion. In the overall tournament Y-12 had five winners and four runners-up.

## The Hole Truth By Evan Means

Some of you people will get tired of hearing so much of me, getting some of this stuff three times. (I've got 12 radio listeners now.)

Red Akers spent his vacation in Missouri dodging showers. He was there during the annual June floods and didn't catch a single catfish. He couldn't even get a fish at the Roaring River Hatchery.

Can you imagine a non-fisherman taking a Florida vacation, especially in summer? Gordon Fielden, popular chairman of the Credit Union credit committee, has been vacationing in St. Petersburg, according to last week's Bulletin.

Jack Case and Pete Rinderer went deep sea fishing in Florida and Pete caught a six-foot, eight-inch sailfish. (Pete just went to Florida to get away from Ferrell's goat for a few days.) Jim Thorpe says you gotta be proud of a fish to spend \$100 to have it mounted.

Max Goins evidently decided to turn his old car over to the skunks. He's driving a new one now. Incidentally, several Y-12 people have adopted baby skunks as pets this summer. I hear they've been de-skunked, however.

H. L. Adcock, down in the G.E. Lab, went on a California vacation and caught a white sea bass off Catalina Island. It weighed 14½ pounds dressed and gave H. L. quite a tussle.

George Ferrell is mad about that picture of Charley Pratt in The Bulletin. Or rather, he's mad at George Dobbs about the caption. The fish came from Fort Loudon, not Watts Bar. (There's a difference in smell.) George got a nice string the Sunday after the Fourth, including one that weighed six pounds and 14 ounces.

John Watts showed his father-in-law, who visited here recently, how he could fish in Tennessee on a resident license for only \$21.50. Now John wants to know how to get out of the dog house.

Fletcher DeFord is going to catch all the trout out of the Clinch River before I get time to fish for them. He made a sort of warm-up trip the Fourth, getting five rainbow trout, then went back Sunday morning and got his limit before noon. The smallest was nine and a half inches long and the rest from 11 to 13 inches.

The best I could do in the Great Smoky Mountain National Park, on my vacation, was one nine and a half-inch trout out of a limit catch. I finally found out where those Watts Bar bass were and got a couple of nice ones the last day of my vacation. One weighed three and a half and the other one and three-quarter pounds on our baby scale. It's too bad I didn't have a fisherman's scale. Incidentally, DeFord's fishing buddy, W. M. Farr, got seven.

Another Y-12er has joined the ranks of the anglers. He is machinist K. Y. Parker. A week ago Sunday he caught his first fish, a

large mouth bass that weighed four and a half pounds. He was fishing at Concord with minnows for bait. He says he's going fishing again real soon.

Well, that's about all I remember this time. I've been too busy with "The Fate Of Phoebe Fairheart" to go fishing.

Oh, yes, I forgot about Sells Adams and the big fish that got away. Sells was using bait and a salt water reel with a star drag. He had a tremendous strike and played see-saw with the fish for a while. When it decided to head out into the lake, the star drag would slip as though it weren't even tightened. All at once the fish headed out into the lake and the leader parted. Titlow says if he had taken his water skis along, he could have jumped onto them and gone right along with the fish. And that's The Hole Truth.

## Y-12ers Will Receive Pass Cards This Week

Continued from Page 1

the Clearance and Pass Office persons for whom the photographic passes are requested will be communicated with by mail to schedule an appointment for making of a photograph for the pass. The photograph will be made in the Y-12 Clearance and Pass Office.

Resident pass applicants are urged not to report to the Clearance and Pass Office to have the picture made until notified by that office and a definite appointment is made.

After the picture is made, the new type of pass will be prepared and issued by the Clearance and Pass Office. The passes will be laminated for convenience of the holder.

Effective September 1 the present automobile decal stickers for admission of vehicles to the AEC controlled area will not be required. After that date admission will be on the basis of the employees' identification badges or the family member photographic passes.

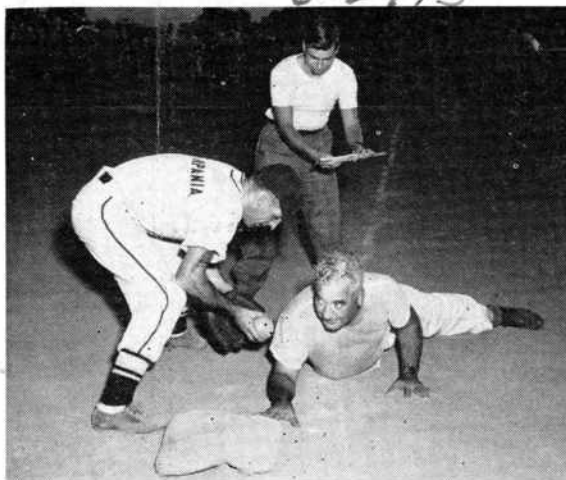

### No Decals After August 31

The present type resident pass will be honored by the AEC Patrol at controlled area gates through August 31.

## Dr. Harold Urey To Address Forum

Dr. Harold Urey, Nobel Prize winner and noted atomic scientist, will give a popular lecture at the Oak Ridge Forum at 8:15 o'clock Thursday night, August 2, in the auditorium of the new junior high school, formerly the Oak Ridge High School. His topic will be "The Origin of the Earth." The public is invited and admission is free.

"Was your friend shocked over the death of his mother-in-law?" "Shocked? I'll say. He was electrocuted."

THE "ANTIQUE 9" AND THE RUSTY 9 OF THE PLANT LEAGUE HITCHED UP IN A "grudge" softball game on Friday the Thirteenth. High spots of the encounter are shown above. At left John Snyder, one of the "Antique 9," calls on Bill Griffith, center, to use a slide rule to determine how far he "slud" into some base as Hobey Thomas, in the fancy monkey suit, has the ball ready for the tag. At right some of the "Antique 9" are moaning about their aching backs. Those with "miseries" are David Shephard, left, and Clyde Bowles, posterior to camera. Catcher Bob Morris looks on with no sympathy, and Harold Wasson, claimed by the Rusty 9 to be a ringer playing for the old folks, laughs out loud at the creaking joints.

Continued from Page 2

tioning for two weeks down about Nashville, Tenn. . . . Jackie Tankersley went to Chattanooga for a two-week vacation. . . . Bill Davis and family have returned from two weeks of vacation in St. Petersburg, Fla. . . . Eva Gilliland had as guests last week her daughter and son-in-law, Mr. and Mrs. A. L. Whittridge, with their two sons, and Mr. and Mrs. T. L. Waltman, from Port Arthur, Tex.

Property Sales welcomes W. K. Jackson and W. Van Fleet to their roster. . . . H. C. Borum is just taking it easy around home in Oliver Springs, on a two-week vacation.

A. V. Bible, of Receiving and Shipping, says he did a little fishing on the side and loafing around home while vacationing last week. . . . J. W. Garland and his family have returned from two weeks of vacation. They went all the way to Miami, hitting all the high spots in Florida along the way.

Sarah Keith, of Manufacturing Office, has returned from a week's vacation. . . . The department wishes a speedy recovery for Jeanette Crews, who is home recuperating from a tonsillectomy.

J. D. Bowers, of Property, has his sister and brother-in-law, Mr. and Mrs. William McGivern, visiting in Oak Ridge, this week. . . . A speedy recovery is wished for T. A. Norcross, who is on the sick list.

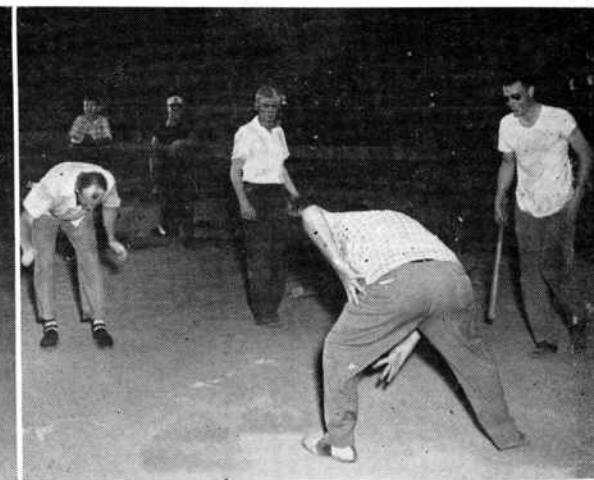

Grace Tramel, of Electrical Maintenance, returned from a two-week vacation which she spent with the home folks in Smithville, Tenn. . . . J. H. Campbell and J. S. Orr were on the vacation list last week. . . . And H. W. Ditchen also reported back from a week's vacation. . . . H. P. McGaughy, C. L. Taylor, and Virgil Lovett have a two-week vacation coming up.

Those on a week of vacation from Field Maintenance are C. M. Hampton, F. P. Eubanks, P. G. Grubb and "Mo" Bailis. . . . and the two-week vacationers include B. C. Herrington, A. M. Kirksey, Pete Schrader and E. W. Mynett.

The fellows in the Beryllium Machine Shop with their families had a swell time on their picnic over at Concord Park on July 14. It was more or less a get-acquainted affair and turned out so well they hope to have many more such outings.

P. C. Ziemke, of the Safety Department, accompanied by his wife and family, explored the back woods regions of the Cherokee National Forest by jeep station wagon recently. They do not recommend the trip as just another casual Sunday drive!

Congratulations to Floyd Roberts, of the Guard Department, who is the proud papa of a nine and one-half pound baby boy, born

Y-12 Photos By Vince Moore

ADMIRING WIVES AND CHILDREN OF THE RUSTY 9 AND "Old Folks" team of Engineering turned out to see the classic encounter last week, as shown above.

## Engineering 'Antiques' Squelch 'Squirts' With 13 To 6 Victory In Softball Contest

Superstition has it that Friday the 13th is an unlucky day and that the best possible protection against the day is to stand in bed. It appears that the Rusty 9 team of the Plant Softball League should have taken this precaution Friday, July 13, when it ventured forth to meet the Antique 9, which consisted of those members of the Engineering Division considered too

## General Ridgeway's Visit To Y-12 Plant In 1946 Is Recalled

Continued from Page 1

the-lines parachute invasion of Normandy ahead of beach landings by land troops. This paratroop attack crippled German radar and other communications installations. Later he personally obtained a bazooka and vigorously routed a group of Nazis holding up progress of Allied troops. Afterward he became commander of the 18th Airborne Corps in the European Theater and among his decorations for valor was the Purple Heart as a result of being wounded in action. He also was a combat officer in World War I.

July 18, at the Oak Ridge Hospital.

The Analytical Chemical Division personnel are glad to hear that Thelma Miller is out of the hospital and hope she will be able to return to work soon.

Wilma Miller, of Research Engineering, spent last week's vacation with her sister and new niece in Johnson City, Tenn. . . . Get well wishes are extended to "Wympie" Hilton, who is still on the sick list. . . . Glad to see Bill Kelley back after his recent illness. Ann McWilliams, of Product Chemical, spent last week's vacation with her mother near Athens, Georgia.

F-L-A-S-H — Just got word that George Ferrell, of Maintenance Shops, and his wife Clyde, of Stores, became parents of a six-pound girl at the Oak Ridge Hospital about midnight Sunday. Congratulations, folks.

Blondes and brunettes may live forever—but red heads just dye away.

old to compete in the league. The Antique 9 had challenged the "young squirts" after chiding them on their league record.

The Antique 9 took the decision by the lopsided score of 13 to 6. R. G. Boxley, pitcher for the "old folks," proved too much for the Rusty 9, allowing only nine hits against 15 given up by McAllister. O. E. Gillcrease and Frank Fuis starred on the bases for the winners with J. W. Strohecker holding down the keystone sack with professional ease.

Clyde Bowles led the hitting for the Antiques with a home run with John Snyder getting a triple. The game lasted four innings with the heat and time element getting the best of both teams.

It is now reported around Engineering that the "old folks" are insisting that the youngsters call them "sir" from now on.

Line score follows:

Team	1	2	3	4	5	6	7	8	9	Total
Antique 9	2	1	4	6	—	—	—	—	—	13
Rusty 9	—	—	2	0	3	1	—	—	—	6

Antique 9: Boxley and Thompson, Boyd. Rusty 9: McAllister and Morris.

Horse sense behind the steering wheel is better and more important than horsepower under the hood.

## Rides Wanted And Offered
